you on the day. PLEASE NOTE that if you answer 'yes' to any of the questions on the medical statement then we would need a note from your doctor saying that you are okay to dive.

Please also remember to bring your PADI certification card (you can order a replacement from www.padi.com), your eLearning certificate, log book, swimwear and a towel. It is also worth bringing a bottle of water as diving can make you feel thirsty.

See you soon,

About St. Johns: St John's, the oldest purpose built preparatory school in the country and founded in 1888, combines a rich tradition of education with the very best that modern teaching techniques and technology can offer. It was designed by John Francis Bentley, one of the most famous architects of his day and the architect of Westminster Cathedral in London. Boys leave St John's aged 13 and proceed to some of the country's finest schools.

Parking: There is plenty of free parking by the tennis courts on the right hand side before you reach the barrier.

The Pool: Situated at the top of the hill in front of the school in a modern building. There are changing rooms for men and women. The pool itself is 25m long, has a maximum depth of 2m and is heated to 30 degrees.
