Discover scuba diving is ideal for experiencing the joys of scuba diving in the safety of a heated swimming pool. It's designed for people who either want to try a new adventure or if they're not sure if they want to commit to the PADI Open Water certification course.

The experience will teach you some of the basic principles of scuba, the most important safety rules and how the equipment works. You will get to feel what it's like to breathe underwater and be weightless. After spending some time in the shallow end getting comfortable and familiar with the equipment and the strange sensations, we will head to the deep end where you get to swim around underwater.

Timings:

09:30 to 10:00 – Registration at the side entrance to the pool

Please don't change or enter the pool until you have signed in.

10:00 to 10:30 – Poolside briefing

10:30 to 11:30 – In-water training

What to bring to the pool – PADI forms, swimwear, towel, and your sense of adventure.

It's also a good idea to bring a bottle of water as diving can make you thirsty. If you wear contact lenses these can be worn inside your mask but just keep your eyes closed when doing the mask skills!

If you sign up for our PADI open water course after your trial dive then you can receive a £30 discount, simply enter the promotional code 'DSD30' when you book online. We will even extend this offer to your family and friends if they sign up at the same time! Thanks again for booking with us and we look forward to starting your underwater adventures.

See you soon.

The Team,
Oyster Diving
