FAQ's

Can I bring the family?

Please do! Even if you aren't going on the water, Mercer's Park is a wonderful escape, with a close-to-nature feeling. It's a great place to relax while other family members are on the water.

Is there a walk around the lake?

Yes, there is. You can walk right round the lake, through woodland with a wild-at-heart feel. It takes about 20 minutes and the lakeside is a popular dog walk. The area is teeming with wildlife and we're often visited by keen bird watchers, especially in migration seasons. If you visit early morning in the Summer, you will be lucky enough to catch sight of our local kingfishers. Or you may see one of our very long-standing turtle residents basking on an old tree branch. Although not native to the lake, we think they may have been unwanted pets. Check-in with us for tips on the best and safest vantage points. And why not drop by for a Barista coffee at our Lakeview cafe when you're done?

What does the café sell?

The Cafe is inside the centre with the same opening times. There is a sunny terrace and dry lounge, offering the finest Barista-style coffee, teas of many descriptions, snacks and cold drinks, hot chocolate for the less sunny days, plus toasties in season.

What is the weather going to be like?

We dive all year round and underwater it doesn't matter what the weather is doing. [Here](#) is a link to the usual forecast that we use but we can dive into all conditions. But the lake often has its little microclimate and different local effects may affect the actual conditions so feel free to give us a call for a free weather check and our team of experienced instructors can help provide you with a current assessment of the conditions.
