

PADI Discover Scuba Diving – Participant Information

Thank you for signing up for the PADI Discover Scuba Diving experience with Oyster Diving – we really appreciate it! This document contains all the details you need to prepare for your session.

On Arrival

When you arrive at the pool, one of our professional PADI Instructors will meet you in the reception area. They will check your paperwork, including your [medical statement](#), and show you to the changing rooms and pool. After a safety briefing and equipment demonstration, you'll spend around 20 minutes in the shallow end learning how to use the equipment, getting comfortable breathing underwater, and practising some basic safety skills – the same ones used in the PADI Open Water Diver course.
