

# PADI DISCOVER SCUBA

Try it in the Pool

**Dear Diver,**

Thank you for booking your Discover Scuba experience with us.

The course is ideal for experiencing the joys of scuba diving in the safety of a heated swimming pool. It's designed for people who either want to try a new adventure or if they're not sure if they want to commit to the [PADI Open Water certification course](#).

The experience will teach you some of the basic principles of scuba, the most important safety rules and how the equipment works. You will get to feel what it's like to breathe underwater and be weightless, just like an astronaut. After spending some time in the shallow end getting comfortable and familiar with the equipment and the strange sensations we will head to the deep end where you get to have a swim around underwater.

Your instructor will meet you outside of [Marshall Street Leisure Centre](#) at 19.30 and the course should finish around 21.00. Please maintain social distance wherever possible, and bring a facemask for when this is not possible.

Going on holiday and short of time?

If you're looking for a flexible way to fit a PADI course into your busy schedule or if you just prefer web based learning, then our PADI online scuba courses are perfect for you.
