

PADI DISCOVER SCUBA

Try it in the Pool

Dear Diver,

Thank you for booking your Discover Scuba experience with us.

The course is ideal for experiencing the joys of scuba diving in the safety and warmth of a swimming pool. It's designed for people who either want to try a new adventure or if they're not sure if they want to commit to the [PADI Open Water certification course](#).

The experience will teach you some of the basic principles of scuba, the most important safety rules and how the equipment works. You will get to feel what it's like to breathe underwater and be weightless, just like an astronaut. After spending some time in the shallow end getting comfortable and familiar with the equipment you will head to the deep end where you get to have a swim around underwater just like on a real dive.

Your instructor will meet you by the side of the pool at St. Johns Beaumont School at 12.30pm and we will aim to finish around 2.00pm. You can find directions attached.

Please complete the PADI medical forms, and the PADI Liability Forms which you can download below.

Going on holiday and short of time?

Please be advised that if you answer 'yes' to any of the questions then we would need a copy of a note from a doctor saying that you are okay to dive, otherwise your instructor is not allowed to let you dive. You can view the [PADI medical form here](#), and the [PADI Liability form here](#).

Please remember your swimwear, an old T-shirt you can wear in the pool, towel and we advise that you bring a bottle of water to drink.

If you sign up to any of our [PADI open water courses](#) you receive a £25 discount, enter the promotional code 'DSD25' when you [book online](#). We will even extend this offer to your family and friends if they sign up at the same time!

Thanks again for booking with us and we look forward to starting your underwater adventure.

See you soon.

About St. Johns: St John's, the oldest purpose built preparatory school in the country and founded in 1888, combines a rich tradition of education with the very best that modern teaching techniques and technology can offer. It was designed by John Francis Bentley, one of the most famous architects of his day and the architect of Westminster Cathedral in London. Boys leave St John's aged 13 and proceed to some of the country's finest schools.

Parking: There is plenty of free parking by the tennis courts on the right hand side before you reach the barrier.

The Pool: Situated at the top of the hill in front of the school in a modern building. There are changing rooms for men and women. The pool itself is 25m long, has a maximum depth of 2m and is heated to 30 degrees.
